EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

Allowable Subject Matter

1. Claims 1-20 & 22 are allowed.
2. The following is a statement of reasons for allowance: The closest prior art of record, WO 00/67488 to MAYER et al. & U.S. Patent No. 3,108,465 to BOCHAN, fail to teach or reasonably suggest each and every limitation of the instant invention.

Specifically, while MAYER & BOCHAN each disclose washing machines with isolators, MAYER & BOCHAN fail to teach an isolator for resiliently coupling the tub and cabinet/support frame such that the isolator has an aperture and incorporates plural projections for achieving the resilient coupling for isolation damping between the tub and cabinet/frame, which is disclosed as an essential element of claimed invention, as described in claims 1-20 & 22. For at least the foregoing reasons, claims 1-20 & 22 are believed to recite patentable subject matter.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
